Title: _____

Cave Name: _____ Date Photographed _____

Comments: _____

Category: (Circle One) Print Digital

Categories

1. Print – digital or photographic print
2. Digital – submitted as a digital file for display on-screen and projection

Entry requirements

Each photographer is limited to 2 entries. A completed entry form must accompany all entries.

Prints must measure at least 8 x 10 inches, but not larger than 20 x 24 inches. All entries must be mounted, but not framed. They may be matted at the discretion of the entrant. The print's title should appear either on the mat or on the mount directly below the print. The photographer must not be identified on the front of the mat or mount. (Note that if you plan to enter the same print in the NSS Print Salon, they require the title on the left and the photographer's name on the right, or on a separate card measuring at least 2" x 3" but no larger than 3" x 4", so you may want to put the title on the left and leave room to add the photographer's name later for the NSS salon.) Lettering should not exceed 0.25 inch in height. The photographer's name and the entry number (assigned by the entrant— see entry form) must be written on or attached to the back of the mount.

Digital files must be submitted on CD-ROM in .JPG or .TIF format. Be sure to include the entry number of each photo in its filename.

Entries must be delivered to the photo salon location by 10 a.m. on the Saturday of convention. If you are unable to bring your photos to convention, please e-mail vicechairman@cavetexas.org to make arrangements to mail them.
